 Services provided through a professional corporation

Bill has a wide ranging business law practice focusing on commercial transactions and general corporate matters.

His practice covers all aspects of commercial transactions, including financings, commercial contracts, asset management and development agreements, joint ventures, acquisitions, operating contracts, leasing, and licensing.

Furthermore, Bill acts as corporate counsel to many private companies. He is respected as trusted counsel because he provides strategic advice and creative solutions in almost every aspect of their business, across a wide range of industries such as staffing, building products, hospitality, sports, manufacturing and retail. Bill also provides compliance advice on competition law and the application of the *Investment Canada Act*.
